Bernhard Prinz

Stylepark Magazine: Fascinating Tectonics
09.05.2023

The first question before the actual interview begins: How should we refer to Bernhard Prinz? As a photo artist, photographer, sculptor, or visual artist? The question hardly comes as a surprise to Prinz: He is accustomed to being pigeonholed to a category or medium on the basis of the particular work series at hand. Stylepark author Katharina J. Cichosch interviewed him.
