Katharina Hinsberg

Katharina Hinsberg receives Senior Fellowship at the Erich Auerbach Institute for Advanced Studies
13.10.2025 - 06.02.2026
Köln

The Erich Auerbach Institute for Advanced Studies at the University of Cologne offers fellowships for international researchers who wish to develop innovative research projects in collaboration with a partner from Cologne. These fellowships are aimed at full-time professors and doctoral staff from the Faculty of Arts and Humanities, who will work together with an experienced researcher (Senior Fellow) or an ambitious early-career scholar (Junior Fellow) on a project. During their stay, the fellows will present their research in a public lecture series and have the opportunity to organise workshops or conferences.
